countless benefits
for a healthier lifestyle

PEARL PRESTIGE POOLS WLL specializes in the following areas:

POOLS DESIGN, BUILDING & MAINTENANCE

Pearl Prestige Pools WLL, is Bahrain's most capable, most experienced swimming pool company with a rock solid reputation for excellence in design and construction of in-ground concrete swimming pools, Semi-Olympic Pools, Hydrotherapy Pools, Lap Pools, plunge pools, above ground, in-ground, landscaped pools, spa pools, spillover (infinity) pools, wet edge, pool water features, architectural pools and more. Pearl Prestige Pools, designs and builds pools for any site, residential and commercial, as well as special plunge pools for small yards.

POOLS CLEANING SERVICES

Pearl Prestige Pools offers various maintenance programs tailored to meet the need of both your lifestyle and your budget. We even offer flat-rate pricing structure so your bill stays the small all year around regardless of your chemical usage.

- ❖ Our Experience: PPP currently services over 10 million gallons of water per week
- ❖ Our Qualifications: All PPP technicians are well experienced
- ❖ Our Commitment: PPP provides dependable, quality, swimming pool SOLUTIONS!
- ❖ Our Guarantee: Your Satisfaction
- ❖ Our offer to YOU: One FREE month of weekly maintenance with 12-month commitment

WATER TREATMENT SYSTEMS

Pearl Prestige Pools provides water treatment solutions for public and private swimming pools. Firstly, chlorine-based processes and secondly, UV or ozone systems, which minimize the by-products resulting from chlorine disinfection. The smell of chlorine associated with swimming pools is finally eliminated and swimming becomes enjoyable. Alongside our mature technology, it is the extensive competence of our experts which makes Pearl Prestige Pools an ideal partner for the optimum treatment of swimming pool water.

**Ultraviolet Pool Disinfection
Decreases the amount of Microorganisms**

Why we recommend UV for water treatment?

Disinfectant Treatment	Disinfection Byproducts	Health Effects
Chlorination	Trihalomethanes (THMs)	Increased risk of cancer; problems in kidney, liver and central nervous system.
	Haloacetic acids (HAAs)	Increased risk of cancer.
	Chlorate	Reduced ability for red blood cells to carry O ₂ .
Chlorine dioxide	Chlorate	Reduced ability for red blood cells to carry O ₂ .
	Chlorite	Anemia and nervous system effects (for infants and young children).
Chloramine	Chlorate	Reduced ability for red blood cells to carry O ₂ .
Ozonation	Bromate	Increased risk of cancer.

POOL HEATERS, CHILLERS, DEHUMIDIFIERS & WATER TANK CHILLERS FOR COMMERCIAL AND RESIDENTIAL

Pearl Prestige Pools offers a variety of heat pump models to meet the diverse needs of the swimming pool industry. The heat pumps perform both heating and cooling for the swimming pool water and gives you pleasant and comfortable swimming throughout the year.

COVERS & SAFETY SYSTEMS, POOL SAFETY NETS

A swimming pool can provide hours of fun and relaxation in the home. Make sure that your children are safe and that the time and effort required maintaining your pool is kept to a minimum by fitting one of our custom made nets or covers. Safer than a fence, Automatic pool cover provides your family with the ultimate pool security. A removable key allows the cover to be locked from young children and its interlocking slats will support the weight of a child and even an adult.

A Safety Cover That Prevents A Child From Drowning Is A Priceless Investment

SAUNAS, STEAM ROOMS, GAZEBO & JACUZZI

SAUNA ROOMS:

The sauna is an excellent way of relaxation that can be enjoyed at Hotels, leisure centers or even at home. Saunas are constructed from pure Spruce, Álder or Heat threaded Aspen. The interior furniture is made of Aspen. Sauna rooms are simply assembled using prefabricated wall and ceiling panels. The standard range allows a wide variety of layouts. Design may be tailored to personal choice with optional door, benches, aprons and windows. The darker shade of heat treated Aspen for doors, window frames and interior furniture enhances the exclusive appearance of the sauna.

STEAM ROOMS:

Steam bath makes you feel good, it relaxes your body and revitalizes your mind. The soothing, moist warmth of the steam in a quiet, restful ambience is a sure way to feel refreshed and invigorated after daily work. You feel your tight, overworked muscles relax, your thoughts

wander away from everyday problems as the gently steam surrounds you, closing the outside world for a moment. Aches and pains in joints and muscles are reduced; Skin is deep cleaned and moisturized. The final touch to the experience may be a cool shower, warm bath or a nice swim, just as your wish. After the treatment you will feel rejuvenated, fresh, new born.

FRAGRANCE INJECTOR OPTION

READYMADE PORTABLE SPA:

Spa jets, controls & lighting

LUXURY JET PACKAGE

Every Canadian Spa comes plumbed with the most advanced therapeutic jet system available today.

Our large calibre, high-flow water jets guarantee a smooth, even flow that penetrates deep down to the soft tissue and muscle layers, without the sharp piercing pressure of narrower jets. Every detail of our jets is honed to maximize therapy and leave you relaxed and revitalised.

Power is nothing without control and both the flow and pressure of our jets can be adjusted and focused.

Divert them towards yourself for a solitary soak or share the wealth of jet combinations with friends and family. Arrange them to massage the whole body or concentrate their power on individual areas, pinpointing areas of stress and strain, such as neck and back, wherever you desire.

ULTIMATE CONTROL

We know that everyone is different, so for an experience that is as individual as you are, why not choose from a range of specialised jets to provide exactly the type of massage you require, all at the flick of the wrist!

Our new stainless steel jets gives you technology that is as stylish as it is advanced and sets your tub apart.

ADVANCED CONTROLS

Canadian Spa Company offers one of the most technologically advanced and user-friendly control units available. Engineered to perform in any weather, the digital temperature display has solid-state accuracy and the self-diagnostic feature of the controls allows for easy servicing.

In fact, in many cases our service technicians can isolate and solve problems right over the telephone.

AURORA PREMIUM LIGHT SYSTEM

Canadian Spa has brought in an unrivaled lighting system to our models. Enjoy periwinkle LED lights, large underwater LEDs and a cascading LED backlit waterfall all easily controlled at a touch of a button. Choose various colours and effects such as slow flash constant and strobe.

ARTIFICIAL ROCK WORKS & CUSTOM BUILD WATERFALLS

Having a rock waterfall in your backyard is a way to be closer to nature and provides a peaceful focus to any setting. Standard Designs available in many styles. These designer waterfalls have modular pieces so they can be adapted to a variety of settings. They are made of concrete for durability and are superior to plastic and foam imitators. Custom rockwork is more complicated and typically involves back filling our cast rock with concrete.

UNDERWATER LED LIGHTS

Brilliant underwater lighting at less than half the energy used by competing LED lights..

IntelliBrite® 5g Color-Changing Underwater LED Lights feature LED technology—the wave of the future in energy efficiency, lifetime value, quality of light and the ability to control it.

Drawing shows lens and reflector design which combine to provide superior light beam distribution.

Fixed color choices

Standard light choices

SAm Mode:
Cycles through the color spectrum of the SAm® Light

Party Mode:
Rapid color changing builds energy and excitement

Romance Mode:
Slow transition for a mesmerizing and calming routine

California Sunset Mode:
Dramatic transitions of orange, red and magenta tones

American Mode:
Patriotic red, white and blue transition

Caribbean Mode:
Transitions between a variety of blues and greens

Royal Mode:
Cycle that selects only rich, deep tones of color

MAGICSTREAM® LAMINARS

Crystal Clear by Day, Dramatic Color at Night Enhancing the Entire Sensory Experience

MagicStream laminars clearly add to the sights of your backyard sanctuary.

But, they also provide a gentle, soothing auditory experience as the stream gently enters your pool—just a hint of sound to mask neighborhood noises that may otherwise interrupt your down time.

WATER DESCENT

This water feature is compact and discreet, available in standard sizes, or can be custom designed in a variety of shapes to suit your specifications. Water Descents are available in a clear option providing your pool with a luxurious finish whilst also allowing your water feature to blend into any landscape, surface or colour scheme.
